

Mission Statement

Providing Innovation, Value Addition, Quality, and Timely Performance on Our Projects.

Vision Statement

To become one of the top leading solutions Company in the Oil and Gas sector in areas of Procurement, Fabrication and Construction using tested technologies and standards.

Our Core Values

At **Bridgsite Nigeria Limited**, values are non-negotiable. They form the social and corporate fabric of a civil society. We stand for honesty, integrity, justice, safety, respect, quality, knowledge, and collaboration within our corporate environment. Our culture, built on these values, is inspiring and evident to all who engage with us.

- **Integrity:** Upholding the highest standards of integrity in all of our actions.
- **Excellence:** Striving for excellence in everything we do by continuously improving our services and operations.
- **Innovation:** Encouraging innovation to drive better solutions and advancements in engineering and construction.
- **Safety:** Prioritizing the safety and well-being of our employees, clients, and the communities we serve.
- **Customer Focus:** Committed to understanding and meeting the needs of our clients through reliable and responsive service.

About Us

BRIDGSITE NIGERIA LIMITED (BNL) is a leading global provider of Engineering, Procurement, and Construction (EPC) services, dedicated to the Nigerian Oil and Gas industry and the broader sub-Saharan Africa region. Our extensive portfolio includes a diverse range of services, from turnaround maintenance to complex infrastructure projects.

As a dynamic EPC company, we operate through our specialized subsidiaries, Bridgsite Technologies and Afritech Assets Consults Limited. We excel in various sectors including oil and gas marginal field development, engineering design, procurement, and construction of oil and gas facilities, as well as public infrastructure, Specialist maintenance services for mechanical equipment, Technical consultancy and manpower, Onshore and offshore logistics support, Dredging, shore protection & Piling services, Land and marine logistics and training services.

At **BRIDGSITE NIGERIA LIMITED**, we are committed to delivering innovative, efficient, and sustainable solutions that meet the highest standards of safety and quality. Our dedicated team of professionals leverages cutting-edge technology and industry best practices to ensure every project is executed flawlessly, on time, and within budget.

● Industries We Serve

Some of the industries we serve includes: Oil and Gas Production, Petroleum Refineries, Fuel Storage, Loading and Transportation, Power Generation and Energy, Chemical and Petrochemical Plants, Water and Waste Water Treatment Plants, Full Scale Pipeline, Marine, Ports and Railways.

● Economic Indicator

Bridgsite Nigeria Limited (BNL) operates within the engineering, procurement, and construction (EPC) sector, contributing significantly to Nigeria's economy through its involvement in large-scale projects in the oil and gas industry. As a provider of comprehensive EPC services, BNL's economic indicators include its annual revenue growth, job creation through employment opportunities across various engineering disciplines, its contribution to local supplier networks, and its impact on enhancing infrastructure development and operational efficiency in the country's oil and gas sector.

• **Our Team**

We have an excellent team of experienced personnel to handle projects from commencement to completion as we aim to achieve a high standard of practice in all our projects.

Our management structure is made up of a board of impeccable integrity who ensures the company maintains a straight course towards achieving its vision, goals and objectives.

SERVICES WE OFFER

Civil Construction Services

Mechanical and pipeline Construction Services

Onshore and offshore logistics Services

Technical Consultancy and manpower Supply Services

Electrical and Instrumentation Services

Engineering Design Services

Dredging, Shore Protection & Piling Services

Civil

CONSTRUCTION SERVICES

We provide comprehensive civil construction services, specializing in the development and execution of a wide range of infrastructure projects. Our expertise includes road construction, building structures, bridges, dams, and other public works essential for societal development.

Civil Construction Works in PHRC Jetty

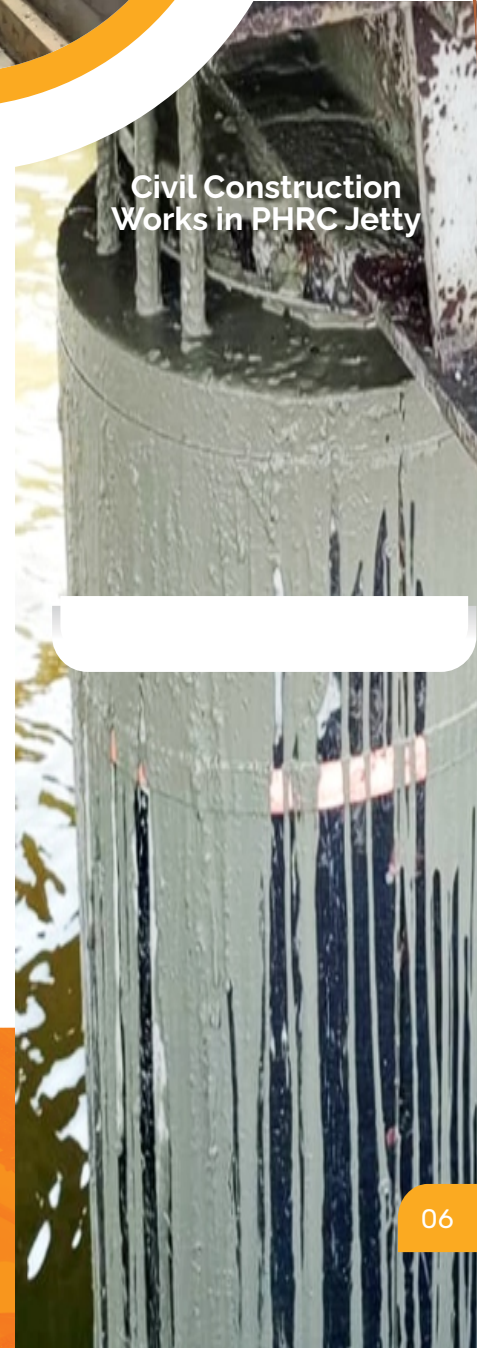

Design of Reinforced Concrete Bridge for NPDC Warri

Civil Works at Assa North Gas Treatment Facility

Foundation Works at Assa North Gas Treatment Facility

Civil Construction Works in PHRC Jetty

Pipe Wrapping & Painting PHRC4

MECHANICAL AND PIPELINE CONSTRUCTION SERVICES

Our mechanical and pipeline construction services include the installation, maintenance, and repair of mechanical systems and pipelines critical to various industries, particularly the oil and gas sector. We specialize in high-quality pipeline laying, welding, and mechanical equipment installations.

Hydrotesting PHRC

BW Offshore Fabrication Project

SAIPEM. PHRCN Steam Turbine Replacement and Fabrication Works for Agip Mystras Project

Onshore & Offshore Logistics for PHRC Jetty Rehabilitation

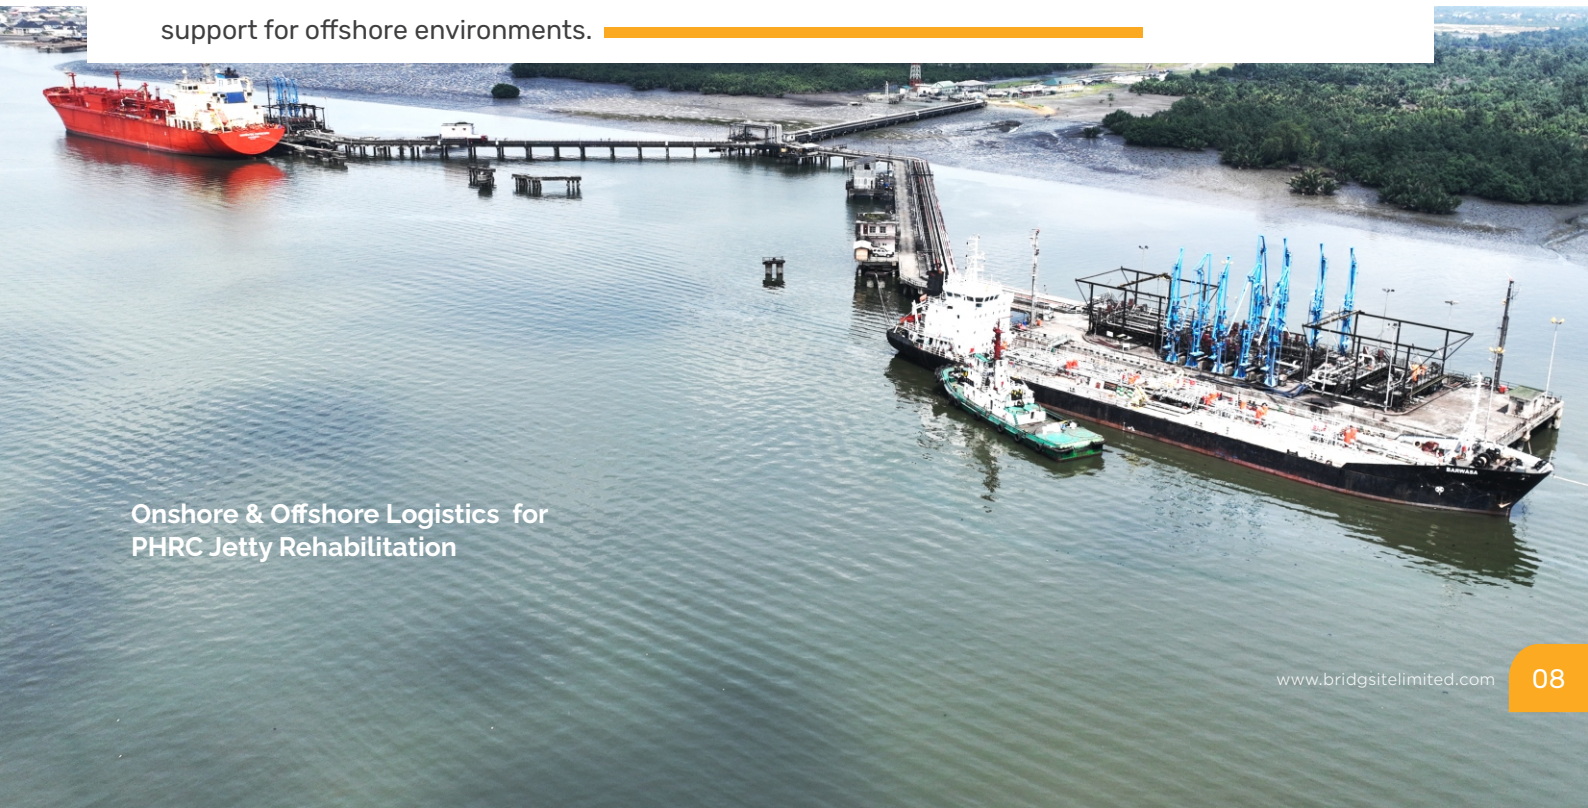

General Logistics Services

Onshore & Offshore Logistics for PHRC Jetty Rehabilitation

LOGISTICS SERVICES ONSHORE AND OFFSHORE

We offer robust onshore and offshore logistics services designed to ensure seamless supply chain management and transportation solutions for diverse industries. Our services include the movement of goods and equipment, warehousing, and the provision of specialized logistics support for offshore environments.

Onshore & Offshore Logistics for PHRC Jetty Rehabilitation

Manpower Supply at Dangote Refinery project

Manpower Supply at Dangote Refinery project

TECHNICAL CONSULTANCY AND MANPOWER SUPPLY SERVICES

Our technical consultancy and manpower supply services provide expert advice and skilled personnel to support your projects across various industries. We supply highly trained and experienced professionals to meet your manpower needs, ensuring that your projects are staffed with the right expertise.

Manpower Supply at Dangote Refinery Project

Electrical and Instrumentation Rehabilitation at PHRC

ELECTRICAL AND INSTRUMENTATION SERVICES

We deliver top-tier electrical and instrumentation services, covering the design, installation, and maintenance of electrical systems and instrumentation essential for industrial and commercial applications. Our services ensure precise control and monitoring of processes, enhancing operational efficiency and safety.

Electrical and Instrumentation Rehabilitation at PHRC

Electrical and Instrumentation Rehabilitation at PHRC

Engineering DESIGN SERVICES

Our engineering design services offer innovative and practical solutions for your project requirements across multiple disciplines, including civil, mechanical, electrical, and structural engineering. We provide comprehensive design services, from conceptualization and feasibility studies to detailed engineering and final design.

Engineering Design For PHRC

Civil, Mechanical & Electrical Design for High-Rise Building (Eko Atlantic Project)

Geo-Technical Investigation for Tank farm at Omagwa

**Piling at Assa North
Ohaji South Gas Primary
Treatment Facility**

Shoreline-Protection-Work-in Soku

Dredging, Shore Protection & PILING SERVICES

We specialize in dredging, shore protection, and piling services, addressing the unique challenges of marine and waterfront projects. Our dredging services include the excavation and removal of sediments to maintain or increase waterway depths. Our piling services offer robust foundation solutions for various construction needs.

**SHORELINE-PROTECTION
LAND-RECLAMATION
SOKU-PROJECT**

WORKSHOP AND FACILITIES

BridgSite's capacity to deliver cost-effective solutions to its clients is enhanced by the following facilities:

- ✔ 3500 square meters area of workshop space
- ✔ 20-Ton overhead gantry cranes
- ✔ 100-man capacity office workspace
- ✔ Design office equipped with state-of-the-art CAD software
- ✔ Workshop and office complex powered by 6 No. 250 kVA Generators
- ✔ Well-equipped painting, fireproofing and blast protection workshop section
- ✔ Automated control machining, welding and fabrication workshop section

OUR EQUIPMENT AND FACILITIES

Over the years, in collaboration with Original Equipment Manufacturers (OEM), Bridgsite has invested in heavy construction and fabrication equipment. Bridgsite's yards are equipped with the following equipment: * 3 Units of Piling Rigs with D30, D22, D18

- ✦ 3 Units of Piling Rigs with D30, D22, D18- Delmag Diesel Impact Hammers
- ✦ 3 Units of Boring Rigs (Max Drilling Depth 28m, Max Bucket 1.2m Diameter)
- ✦ Vibrating ICE 420 & Hydraulic Power Pack ICE 525
- ✦ Earth Moving Equipment - Dozer D7, Excavator 325, 12-Ton Compactors, Backhoes, Payloaders (950 GC), Graders (14G)
- ✦ 2 Units of Soilmec CFA Rigs and accessories
- ✦ Concrete Batching Plants
- ✦ Industrial Compressors, Welding Machines
- ✦ Tipping Trucks (30-Ton and 45-Ton)
- ✦ Suction Dredger (12" - 14") Mobile and Stationary Concrete Mixers of different sizes
- ✦ 5 No. Crawler Cranes (110, 70, 50 and 45 Tons)
- ✦ Tools and Equipment for DFT, etc.
- ✦ Lathe Machines, Industrial Drill and Electric Cutters
- ✦ Hiab Trucks (9-Ton)
- ✦ Forklift (12-Ton and 6-Ton)

CLIENTS AND AFFILIATION

CLIENTS: Shell | TECNIMONT S.P.A | NNPC | NAOC | NPDC
 Eroton E&P | Chevron | Total | Addax | SAIPEM
 BW Offshore | Lee Engineering

AFFILIATIONS

COREN | ISO | OGTAN | COMEG | NESREA | CIPM

OUR TOP RATED PROJECTS

NNPC/TECNIMONT: **Rehabilitation of PHRC Jetty Complexes and Building Complexes**

In collaboration with NNPC and TECNIMONT, we undertook the comprehensive rehabilitation of the Port Harcourt Refining Company (PHRC) Jetty Complexes. This project involved the restoration and modernization of jetty infrastructure to ensure safe and efficient docking, loading, and unloading operations. We also carried out the rehabilitation of the PHRC Building Complexes. This project focused on the restoration and modernization of administrative and operational buildings within the refinery complex.

SPDC: PROVISION OF BROWNFIELD MAINTENANCE ENGINEERING SERVICES

We provided comprehensive brownfield maintenance engineering services to Shell Petroleum Development Company (SPDC). This project involved the ongoing maintenance, inspection, and engineering support for existing oil and gas facilities. Bridgsite role included supply of manpower who were involved in equipment diagnostics, repair and replacement of aging infrastructure, process optimization, and compliance with safety and environmental regulations.

USAID:

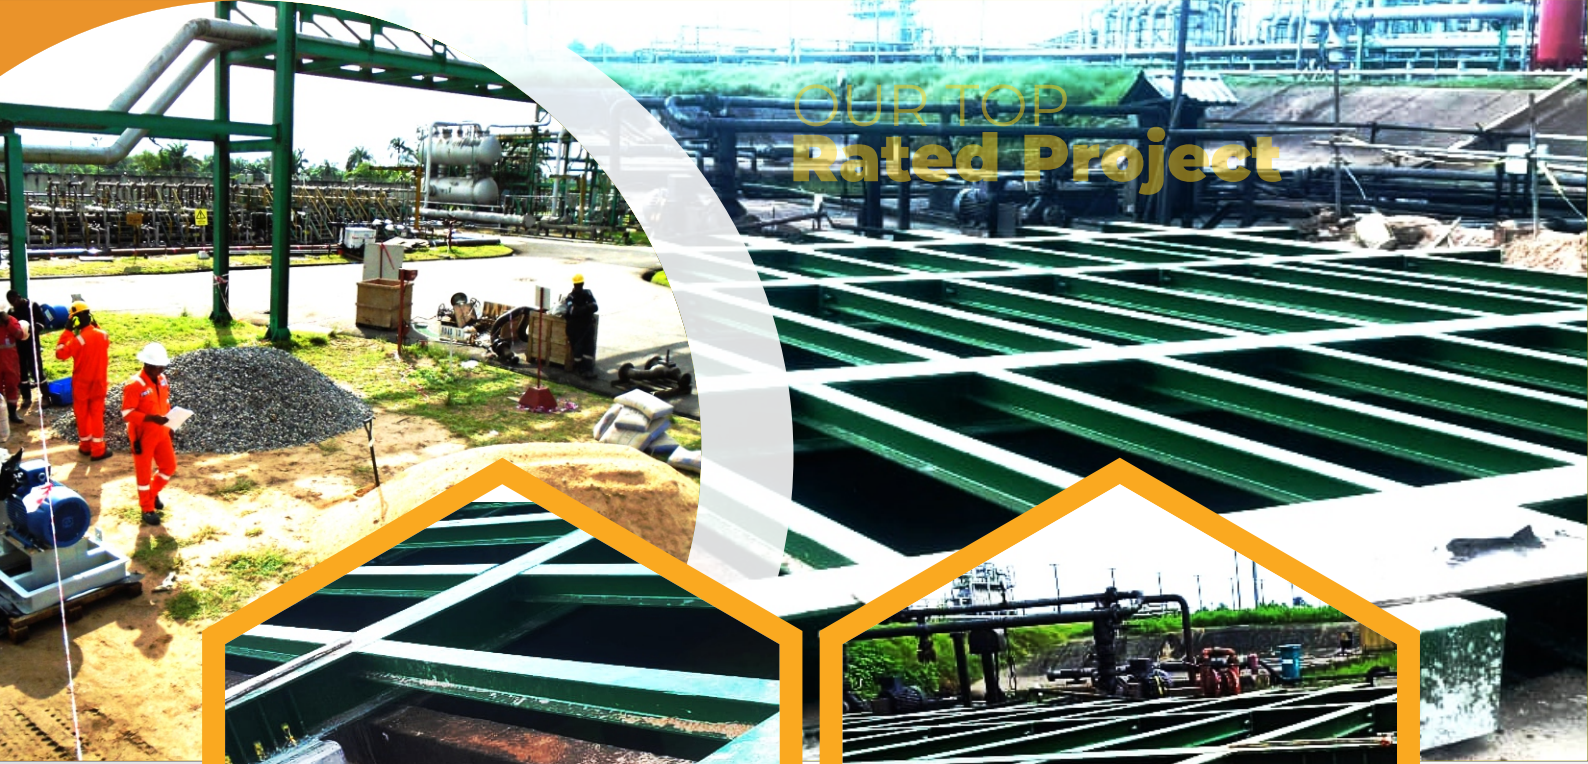

REHABILITATION & IMPROVEMENT OF ARIARIA WATER SUPPLY SCHEME

Under the sponsorships of USAID, we executed the rehabilitation and improvement of the Ariaria Water Supply Scheme. This project aimed to enhance the water supply infrastructure in the Ariaria region, ensuring reliable and safe access to clean water for residents. The scope of work included repairing and upgrading water treatment plants, laying new pipelines, installing water meters, and improving distribution networks.

OUR TOP
Rated Project

OUR TOP
Rated Project

✓ NAOC:

CIVIL SITE PREPARATION FOR TURN AROUND MAINTENANCE AT THE OBOB GAS PLANT

For the Nigerian Agip Oil Company (NAOC), we undertook civil site preparation for turnaround maintenance at the OBOB Gas Plant. This project involved extensive preparatory works to facilitate comprehensive maintenance activities. Tasks included site clearing, excavation, foundation works, and the construction of temporary facilities.

OUR TOP Rated Project

SPDC: MAINTENANCE DREDGING WORKS

AT NUN RIVER FLB/FLTAN/JETT/RAMP

We carried out maintenance dredging works at the Nun River Floating Loading Barge (FLB), Floating Tanker (FLTAN), Jetty, and Ramp for Shell Petroleum Development Company (SPDC). The project involved the removal of sediments and debris to maintain navigable waterways, ensuring safe and efficient operations for loading and unloading vessels.

CHEVRON:

PROVISION OF CRANE AND LIFTING SERVICES

We have been providing crane and lifting services, along with repairs and maintenance services, for Chevron. This project includes the supply of parts and maintenance of various types of cranes for lifting heavy equipment and materials, as well as the maintenance and repair of lifting equipment to ensure safe and efficient operations.

Our Policy

✔ **Health and Safety Policy**

Bridgsite is committed to the health and safety of all employees as well as the protection of the environment affected by our operations. For us, safety is a continuous process of training, re-training and monitoring. To this end, our policy aims to properly identify, assess and eliminate all forms of hazards in and around our work area.

✔ **Quality Policy**

Bridgsite is committed to the provision of excellent products and services to clients at optimal cost, through the application of quality management principles in its processes and activities from engineering, procurement, production, installation, commissioning and maintenance services. At Bridgsite, a Quality Management system in accordance with the requirements of NIS ISO 9001:2009 is established, documented, implemented and maintained. Quality objectives covering all levels and functions of the company as established, are pursued vigorously and reviewed periodically, for effectiveness. Quality plans may be developed if specified by contract, to define how company quality meets contractual requirements.

✔ **Community Affairs Policy**

Our policy identifies with the needs and inspiration of host communities, as well as clients' host communities in the execution of our operations. Upon these, we build a sustainable solid harmonious relationship with client host communities.
